

# Dependent Care Flexible Spending Accounts

Work without worry

A **Dependent Care Flexible Spending Account (DC-FSA)** lets you set aside pre-tax payroll dollars to pay for dependent care expenses, including after-school care or adult daycare for qualifying dependents. These expenses must be for the purpose of letting you (or your spouse, if married) work.

## Who qualifies as a dependent?

1

A tax dependent **under age 13**.

2

Any other tax dependents living with you, such as a spouse or elderly parent, **physically or mentally incapable of self-care**.

## How a DC-FSA works:

- Contribute to your DC-FSA pre-tax, through payroll deduction. Your employer can also contribute.
- Pay for eligible expenses; pay your provider directly with your HSA Health Benefits Debit Card or pay out of pocket and submit a claim for reimbursement.
- To submit a claim, scan and upload your receipt(s) through the Member Website or mobile app.
- Once your claim is approved based on eligibility and availability of funds, you will be reimbursed.
- Check balances and account information on the Member Website or mobile app 24/7.

## How much can you contribute?

The IRS limits the amount you can put into a DC-FSA. Visit [hsabank.com/irs-guidelines](https://hsabank.com/irs-guidelines) for the current limits.

## How can you benefit from tax savings?

- Contributions, including any from your employer, are excluded from your taxable gross income.
- Withdrawals are tax-free for eligible dependent care expenses.

## Did you know?

- Under IRS guidelines, you can get reimbursed only for dependent care that already took place.
  - Unlike a Healthcare FSA, your full dependent care election isn't available Jan. 1. You can't get reimbursed for more than you have currently in your account.
